SAVED FROM DEATH BY ONIONS.

There has no doubt been more lives of children saved from death in croup or whooping cough by the use of onions than by any other known renedy, our mothers used to make poultices of them, or a syrup, which was always effectual in breaking up a cough or cold. Dr. Gunn's onion syrup is made by combining a few simple remadles with it, which make it more effective as a medicine and destroys the taste and odor of the onion; 50c.
